Feature: Cart Smoke Tests

As a user

I want to verify basic cart functionality

So that I know the cart feature is working properly

@smoke

Scenario: Verify cart page loads and shows empty cart message

- ✓ **Given** user is on the Home page
- ✓ **When** user navigates to the cart page
- ✓ **Then** the empty cart message should be visible

@smoke

Scenario: Verify product page loads successfully

- ✓ **Given** user is on the Home page
- ✓ **When** user opens a product
- ✓ **Then** the product title, price, and Add to Cart button should be visible

@smoke

Scenario: Verify user can add a product to the cart

- ✓ **Given** user is on the Home page
- ✓ **When** user opens a product
- ✓ **And** user adds the product to the cart
- ✓ **And** the cart should show 1 item

- ✓ **Given** user is on the homepage
- ✓ **When** user clicks the cart link
- ✓ **Then** cart page should load

@smoke

Scenario: Verify footer Search link opens the search page

- ✓ **Given** user is on the homepage
- ✓ **When** user clicks the footer Search link
- ✓ **Then** search page should load

@smoke

Scenario: Verify footer About Us link opens the About Us page

- ✓ **Given** user is on the homepage

- ✓ **When** user clicks the footer About Us link
- ✓ **Then** about page should load

✓ ✓ file:///Users/ranajitchowdhury/eclipse-workspace/Sauce_Demo_Automation_Final/src/test/resources/features/SearchFunctionality.feature

Feature: Search Smoke Tests

As a shopper
I want to use the search functionality
So that I can quickly find products on the store

@smoke

Scenario: Search bar is visible and accepts input

- ✓ **Given** I am on the home page
- ✓ **Then** the search bar should be visible
- ✓ **When** I type into the search bar
- ✓ **Then** the search input should contain the typed value

@smoke

Scenario: Valid search returns results

- ✓ **Given** I am on the home page
- ✓ **When** I search for "Noir Jacket"
- ✓ **Then** search results should be displayed
- ✓ **And** at least one product should be visible

@smoke

Scenario: Invalid search shows no results message

- ✓ **Given** I am on the home page
- ✓ **When** I search for "Blue Shade"
- ✓ **Then** a no results message should be displayed
- ✓ **And** no products should be visible

@smoke

Scenario: Clicking a search result opens product details page

- ✓ **Given** I am on the home page
- ✓ **When** I search for "Noir Jacket"
- ✓ **And** I click the first product in search results
- ✓ **Then** the product details page should be displayed

✓ file:///Users/ranajitchowdhury/eclipse-workspace/Sauce_Demo_Automation_Final/src/test/resources/features/SignUp.feature

Feature: SauceDemo Signup (Demo Simulation)

@smoke @regression

Scenario: User tries to signup

- ✓ **Given** the user is on the login page
- ✓ **When** the user enters invalid username and password
- ✓ **Then** the user should see an error message
